WHO ARE WE?

ČISTEĆI MEDVJEDIĆI aka “Little cleaning bears” is a non-governmental, apolitical, and non-profit civic initiative that became an organisation in 2023. It focuses on environmental protection through cleaning, education, and activism.

In the past four years, Čisteći medvjedići has organized over 420 clean-up events, with participation from over 1,300 individuals spanning all age groups. During these events, they managed to collect more than 120 tons of waste from the environment.

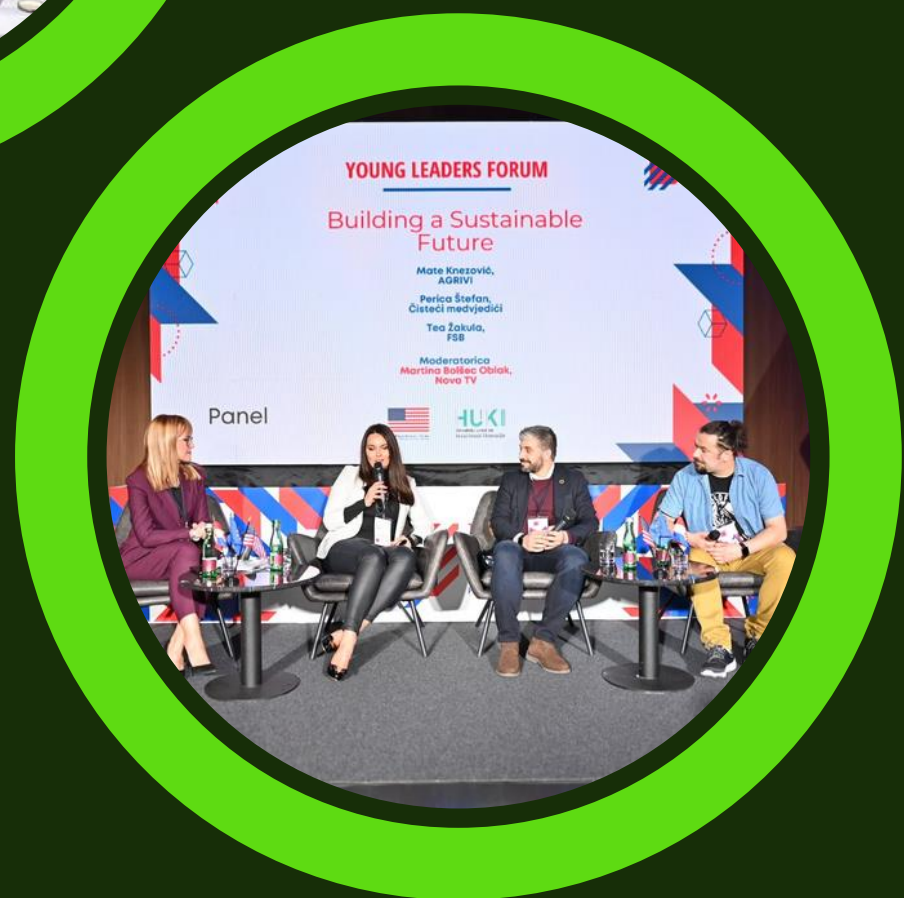

Their objectives encompass the protection of nature and the environment, raising awareness on environmental challenges, promoting appropriate waste disposal, and fostering sustainable growth with clean-up actions, activism, and education.
